<p>General Comments</p> <ul style="list-style-type: none"> - Visit completed in the morning for a monitoring inspection. - During the visit the ratio was respected. - Positive child guidance was witnessed during the visit. - The child's files contain all required documentation. 15 out of 53 files were verified. A few files were missing the Medicare number and expiry date. - The operator assures that the outdoor play area is maintained safe and free of hazardous. - Drinking water is provided throughout the day. - The parent notifies the facility if the child will be absent and indicates whether the absence is due to illness or otherwise. - Observations: 2-year-old room: The children were creating with blocks. 3-year-old room: The children had snack, then participated in free play. At the present time the children are showing interest in building things using different types of materials. The educator organized an activity using toothpicks and mini marshmallows to support the children's interests. Mixed age group 2-4-year-olds: The children had snack, participated in free play. Some children were creating with blocks others were playing with dolls and playing in the kitchenette pretending to cook a meal. Diaper changing was also witnessed. 4-year-old room: The children had snack. The educator sang songs with the children during the transitions. The educator read a book (Snow Bears Surprise). All children went outside to play. - Discussion with the administrator on the attendance record forms, communicable diseases and outdoor playground.
