<p>General Comments</p> <ul style="list-style-type: none"> - Visit done in the afternoon for a monitoring inspection. - Ratio was respected during the visit. - During the visit the facility used positive child guidance. - The parent has access to the facility at any given time when their child is present. - Individual space is provided for diapers, creams and wipes for each child who is not toilet trained. Changing area is located one metre or less from a sink. Diaper changing procedures are posted in a visible place in the diaper changing area. Children are always supervised during diaper changing. - Facility has a separate locked storage space for medication. - Administration of medication records are evident. Records are kept for each child when medication is administered. - Toxic products, chemical products and cleaning supplies are locked and inaccessible to children. - Observations: 2-3-year-olds room: naptime, diaper changing, handwashing. The children that were not napping were looking at books. 3-year-old room: Naptime. The two children who were not napping were playing with sensory bins. The children worked on an educational project. They made a bean bag toss game using cardboard. 2-4-year-old room: Naptime and parent arrival. 4-year-old room: Naptime. The children that were not napping were looking at books. The children were working on a group project. They are creating a tunnel for their cars using cardboard. - Learning stories, children's pictures and children's art is seen throughout the centre at the child's level. - Discussion with the director on medication and diaper changing procedures.
