General Comments - Visit completed at the establishment in the afternoon for a monitoring inspection. - Ratio was respected during the visit. - Outdoor materials are varied and available in sufficient quantity for all children present. - The outdoor play area is maintained in safe conditions. In the outdoor play area, children have access to more than one type of surface to play and explore. There is no stationary equipment in the outdoor play area. - A first aid kit and a phone are always accessible on site and during outings. - Hot beverages are kept in spill proof containers. - Daily activities in the establishment demonstrate purposely planned and documented programming that provides children with time and space for free choice play experiences, as well as indoor and outdoor opportunities for physical activity individually or in groups. Children have opportunities to engage in various forms of literacy, express creativity and interests, explore the arts and sciences, and experience accomplishment and success. They are also supported in problem-solving and developing trusting, respectful, and supportive relationships. - Observations: - 2-Year-Old Room: During the visit, diaper changing procedures, handwashing routines, and naptime were observed. - 2-Year-Old Room: Lunch provided by parents was observed, followed by naptime. - 3-4-Year-Old Room: During the visit, the educator read a story to the children before naptime. - 4-Year-Old Room: The children ate their lunch and then participated in naptime. - A discussion was held regarding Policy 902. The educators presented their documentation and activity planning records, demonstrating how programming and learning experiences are organized and implemented within the classrooms.
