### General Comments

Licensing Staff arrived at the facility to perform a Monitoring Inspection. Upon arrival, children were in the process of waking up from nap time. The Educators allowed children time to slowly wake up which made for a smooth transition.

Once all children were awake and diapers had been changed, hand washing was observed before the children sat together for afternoon snack. In the infant room, one Educator sat and ate snack with the group while the other Educator got hats, sunscreen and outdoor shoes ready. In the 4/5-year-old classroom, the children were eager for their preschool graduation which was being held this afternoon. As the children finished eating, they changed into their outfits for graduation.

Sunscreen was applied, hats were put on and water bottles were filled before the classrooms transitioned to the outdoor play space. Only positive child guidance was observed during today's Monitoring Inspection. Educators were attentive to the needs of the children and were observed clapping, offering praise and hugs. Outdoor maintenance checklists, fire drills and first aid checklists were posted and up to date.
