General Comments

Children were observed getting ready to play outside when I arrived. Educators assured that all children were properly sun screened and that they all had their water bottles with them. Educators were observed interacting with children outside.

General Comments

Sofa and chair slip covers were in the process of being laundered this morning, Educators ensured that they had activities planned to keep the children busy and off of the non-covered furniture until the slip covers arrived. Should educators not be able to keep children away from furniture, it is recommended to move the uncovered furniture to a unused room for the time being.
