Name of Early Learning and Childcare Licensing Staff Jennifer Godin		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

<p><b>General Comments</b></p> <p>Children were partaking in tabletop activities when I arrived for today's inspection. Some activities that were observed were coloring, marble painting and shamrock shapes. Educators were observed using songs to help children during transitional times.</p> <p>Educators were observed always interacting with the children at time of visit. During morning gathering time, the educator took the time to talk to the children about the book they were going to read. She covered things like what each character's job was (Paw Patrol book), what their names were, and who was the children's favorite character. Both educators were quick to notice when the children were losing interest in an activity and were able to successful transition everyone into a fun dancing activity.</p> <p>Once snack was over, everyone got ready to head outside to play. The children appeared to love playing on the play structure, educators ensure to closely supervise when the children were on the play structure waiting to come down the slide.</p> <p>The gate at the back of the preschool playground is unable to be closed and properly secured. Please ensure to have it repaired/able to be securely closed as soon as possible for the safety of the children. Children have been using the other gated playground for the time being. Preschool childcare manager informed me that she would let maintenance know asap.</p> <p>Please ensure that all water bottles are labelled with the children's names.</p>
