<p>General Comments</p> <p>Observed educators preparing the children to go outside when I arrived. Educators ensured children were properly sun screened, had full water bottles and had their lunch boxes with them as they planned on having snack outside. During snack time educators were observed being attentive to the children's needs in helping them open their snacks, ensuring that the children kept enough snacks for the rest of the day, and just taking the time to sit with them and chat.</p> <p>Educators were observed ensuring children were brought in to wash their hands before and after snack, and also made sure that the picnic tables were properly sanitized before the children began to eat their snack.</p> <p>Educators were able to bring the "inside" classroom outside with them so that everyone could enjoy the beautiful weather.</p> <p>Educator and child profile binders were well organized and met regulation requirements.</p>
