Name of Early Learning and Childcare Licensing Staff Sabrina Diotte		Position Title Inspector	
Order for Compliance	Regulation	Date to be corrected	Date corrected

<p><b>General Comments</b></p> <p>When I arrived, the children were getting ready to leave for a field trip. They went to Science East. When the children arrived from Science East, with the help of the educators they removed their outerwear and then everyone gathered for circle time and sang a song together. After the song, there was two invitations for play set up for the children, "can you draw the 8 planets? And "make moon rocks". The children did moon rocks using foil paper. Some children did not want to engage in those activities and so they chose some other toys and materials to play with.</p> <p>Around 11:45 the children were asked to start cleaning up for lunch. They gathered for another circle time, sang a song together, then one by one they were asked what their favorite planet was and sent to wash their hands and grab their lunch box.</p> <p>The Centre is clean and well organized.</p> <p>Different materials are available to meet the children interest and educational needs such has books, materials for pretend play, arts and craft materials, science, blocks, Legos, etc.</p> <p>The outdoor playground was inspected; however, it is covered in snow, so the ground and protective surfacing was not inspected.</p> <p>Mandatory paperwork is kept organized and contains all the necessary information.</p> <p>The educators were engaged with the children, positive conversations between the educators and the children were observed. The educators were also observed consoling children when needed.</p> <p>The training seat in the bathroom was soiled with dirt and urine. As per Public Health, training seats should be washed and disinfected after each use. It was washed immediately once I advised the educator.</p> <p>Everything in compliance, I recommend for renewal.</p>
