General Comments
<p>Upon my arrival, the children were getting ready to go outside. The children played outside until about 11:45 at which time they came in for lunch.</p> <p>The outdoor playground was newly renovated last year with new structures and equipment added. The children have lots of toys outdoors and everything is in compliance with the regulations.</p> <p>I observed positive child guidance practices such as offering choices, assisting children in decision making and using gentle reminders when needed.</p> <p>The centre is clean, organized and divided in different learning centres. Many different materials for the children, including arts and crafts, open ended materials and materials for imaginary play.</p> <p>The afterschool children arrived at 12:45 and went to the back of the room to have lunch while the preschool children were napping. Lots of positive conversation between the educator and the children during lunch time, lots of smiles and laughter.</p> <p>Everything is in compliance today, I recommend for renewal.</p>
