<p>General Comments</p> <p>The space is not used often during the summer unless the numbers allow for it and so the children are using the upstairs space more often.</p> <p>The space was used yesterday, however, some cleaning was missed at the end of the day. Therefore, the floors and area rugs will need to be vacuumed and washed due to stains. The bathrooms will also need to be cleaned.</p> <p>There are materials for the children in all required categories including dramatic play, math, science, and literacy. During my inspection, a new game area is being put together near the entrance.</p> <p>Child guidance was only observed outside as the children were outside during my inspection. Staff were engaged with children and staff were respectful when speaking to the children.</p> <p>The outdoor playground was inspected and is in compliance with regulation.</p> <p>I recommend for renewal of the licence.</p>
