General Comments

When I arrived, the children were engaged in play.

Staff were engaged with the children, educators were in constant movement, walking around the play area and talking with the children.

Positive child guidance was heard many times such as gentle reminders and positive reinforcement.

Educators use a respectful and kind tone when speaking to the children.

Today was raining so the children engaged in an indoor game of basketball they made from cardboard and cups. The children were having fun and cheering each other on.

The Centre is clean and organized, there is a large quantity of materials and of different categories and interests.

A new natural area was added in the outdoor play space.

Everything is compliance, I recommend for renewal.
