<p>General Comments</p> <p>Licensing staff observed the afterschool children arrive around 3 pm. Their bus was met by the site Coordinator and their educators. Attendance was taken and the children chose to go directly to the outside play areas. One group played a ball game, another group played an imaginary game that they invented and another group playing with the pails, dishes, shovels and the pea gravel. Snack is usually eaten when school gets out on the bus however it is offered again later when the children go inside. This group arrives quite late and parent pick up begins almost as soon as they arrive.</p> <p>The afterschool license is located upstairs in Unit A and it is very clean and spacious. It has lots of materials and seating set up for conversations and interactions to occur between the afterschool children in the program. It was bright, with large windows, organized and clean. The floors had just been replaced and looked like a type of light wood planking.</p> <p>The staff and child files were reviewed and found to be up to date. Fire drills, attendance, outside maintenance checks, first aid checklists and cleaning lists were also reviewed and found to be complete.</p>
