<p>General Comments</p> <p>When I arrived, the children were finishing up an arts and craft activity and shortly thereafter they cleaned up and sat down for a snack. After snack, the children engaged in an activity of their chosen and then got ready and went outside.</p> <p>I observed positive communication and interactions between the educators and children. The educators were engaged with them and positive child guidance was observed such as gentle reminders, encouragements and re-direction when needed.</p> <p>The centre is clean and organized. There are materials to meet the children interests and educational needs such as materials for arts and crafts, literacy, science, building, pretend play and drama.</p> <p>The outdoor playground is maintained and meets all the regulations. The educators were observed playing with the children outside.</p> <p>Everything is in compliance; I recommend for renewal.</p>
