Address Unit A 861 Woodstock Road Fredericton NB E3B 7R7			
Name of Early Learning and Childcare Licensing Staff Jennifer Godin		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

All children were getting ready to go outside when I arrived for today's visit. Educators ensured that all children had filled their water bottles and that they were all labelled. They also ensure the children who brought sunscreen, brought it outside with them to apply, and those who didn't were provided with Go-Go's sunscreen.

Between the two outside play spaces, there is different materials/surfaces that encourages and promotes different kinds of play. For example, in one play space you can find a wooded/treed area where children are able to explore what nature has to offer, this space also has a paved area where children were observed playing basket ball, football, playing on plasma cars and creating what appeared to be work stations (desk and seat) out of large Lego blocks. Within the same space you can also find an area that is covered in pea gravel where the children were found digging with shovels.

The second space has two play structures that have recently been installed that children were playing/sliding on, there is pea gravel which provides protective surfacing along with providing the children the opportunity to dig. There is also a wooden section in this space that children were observed playing a game with a basketball and playing outside Connect-Four.

Educators were observed to be partaking in the children's play along with ensuring they were able to properly supervise the children to ensure their safety. Educators were quick to act when they noticed a child required assistance.
