General Comments

When I arrived, children were finishing snack and having some free play activities before music time. An educator arrived with his guitar to sing songs and dance. The children seemed to enjoy this activity. After music and dance time, the children went outside until lunch time.

Educators were heard advising the children of upcoming transitions. For example, one educator was heard stating "5 minutes before clean up time"

The facility is clean and organized. There are a variety of materials for the children to learn and explore with. Staff and children files were reviewed. All the files contained the required documents.

I recommend that toys along the outdoor fence line and hill along the water be gathered up before the snow comes.
