<p>General Comments</p> <p>When I arrived the children were playing outside. I checked the outdoor play space as there was a term and condition on the licence that it was to be completed by the end of this month. The play space is fenced in at the appropriate height with gates that latch properly. There are different surfaces such as sand/dirt, grass, mulch, and concrete. The outdoor area has a lot of materials for the children to play with such as slides, rocking horses, buckets, shovels, trucks, a kitchen, cars, and there are picnic tables where they can paint, eat outside, etc... There is adequate shade provided and the operator is also going to make more shade for the other side of the playground. The terms and conditions on the licence have been met and so will be removed from the licence at the end of the month.</p> <p>The educators were telling me that the children were painting outside last week. They also went for a walk to the library last week and will go again soon. The operator said that she will be conducting a fire drill soon as well.</p>
