General Comments
<p>On the day of my visit the children were playing in their classroom. They seemed very content and their Educators were very engaged with the children as they played.</p> <p>I spoke with the Administrator and they will add a bell to the door so that anyone needing to access the program can make their presence known.</p> <p>The Educators are working on programming and learning stories and we discussed a few ideas for the future.</p> <p>The afterschool program will operate full time during the summer and the pre-Kindergarten group will end its part time program in June. The Administrator will apply for this change of service.</p>
