General Comments
<p>On the morning of my visit the children were finishing up snack and were having some free play time. A couple of children were building houses and airplanes with magnet blocks while another child was in the dramatic play area acting as a veterinarian.</p> <p>The 2/3 split class was having a game of hide and seek.</p> <p>The Afterschool group was discussing a Mother's day craft and then went to the park for outdoor playtime. Once all the children had finished snack, they got ready for outdoor play time. The children were marking on the chalkboard, playing on the slide and digging in the sandbox.</p> <p>The facility is very clean and organized. There are a variety of age-appropriate materials for children to learn and explore with. Multiple languages and cultures are well represented throughout the facility.</p> <p>The educators are calm and attentive to the children's needs.</p> <p>There is evidence of planned programming as noted by the learning stories and webbing charts posted on the walls.</p> <p>Everything was in compliance during the visit. I recommend for renewal.</p>
