Order for Compliance	Regulation	Date to be corrected	Date corrected
21 The daily activities of a licensed facility shall be purposely planned in advance and documented and shall respond to the capabilities, needs and interests of each child.	21	Feb 15, 2021	
Comments: Discussed with educators onsite ways to ensure the program is purposefully planned and documented. Documenting activities and additions to the indoor and outdoor play environments ensures that a variety of opportunities are being offered to the children daily and can support educators in providing an engaging and fun environment after school. Recommend a duotang or binder where activities and invitations can be documented to demonstrate the licensing requirement is being met.			
28(3) The premises of a licensed facility shall comply with (a) lighting, ventilation and other general health standards under the Public Health Act.	28(3)(a)	Feb 09, 2021	
Comments: Children did not wash hands before sitting for snack.			

<p><b>General Comments</b></p> <p>Children were engaged in play in the indoor environment before snack and preparing for outdoor play. Materials are set up in areas of the room and on the tables inviting choice for the children in attendance to engage with materials that interest them. Children were observed playing with the dollhouse, cars and mark making. Educators participated in play with the children engaging in conversation and supporting their efforts.</p> <p>Posting and paperwork requirements under COVID-19 were being followed.</p> <p>The room is used by teaching staff to socially distance while having lunch during the day, hand sanitizer and cleaning spray used by school staff to be placed out of reach of the children when they are in attendance and replacing it at the end of the day when children have left.</p>
