<p><b>General Comments</b></p> <p>I was screened upon entry and the operator appears to be following COVID guidelines. I observed proper hand washing by the operator and staff as well.</p> <p>The indoor play area is clean and has a good variety of materials for the children. I saw children's work displayed on the walls and the children were proud to show me what they had created. The operator is trying new programming ideas and activities with the children which is in alignment with the NB curriculum framework.</p> <p>The outdoor play area is spacious and I accompanied the children and operator outside for a little while this afternoon to observe the outdoor play with the children. I also observed positive child guidance techniques such as gentle reminders and encouragement, and I saw the operator help guide the children to problem solve during my visit. The program appears to be well planned and is running well overall.</p>
