Comments: It came to licensing staff's attention that the front door was locked from inside and it was explained to the Operator, these doors if kept looked from the inside, children and staff must be able to exit out of the building using 1 step or motion. Please advise when the new hardware has been installed and is working when the door is locked. The back door also requires attention. The back exit door must be replaced with the proper opening handle so when locked the door can be pushed open with one step/motion.

Comments: The snow must be shoveled away from the door as the door cannot be opened. It is blocked from the snow that accumulated from yesterday and last evenings storm. Please advise when this has been corrected.			

<p>General Comments</p> <p>Monitoring report performed.</p> <p>Administrative records were reviewed, and child attendance is tracked. See comment above regarding staff attendance. Fire drills are being practiced monthly, outdoor checklist is completed, and also incident reports are tracked and signed by parents, so they are aware.</p> <p>Upon arrival all children were seated eating snack. The educators were also seated at the table which made for a pleasant eating experience.</p> <p>All children were provided with a cot/mat and given an opportunity to nap. No child was forced to nap and after 20 minutes or so two children got up off their cot and moved to the other side and played quietly. Lots of wonderful positive interaction observed. Children were observed playing quietly and involved in dramatic play. The play was led by the children, and they were pretending to use debit cards while shopping in the store centre. They even made their own debit cards with numbers and printed their name on the card. Children are also learning about Pete the Cat.</p> <p>Licensing staff has seen a huge improvement with the layout of the indoor play space. After submission of an</p>

General Comments

application for change, the Operator reorganized and decluttered. The partition was removed in the preschool room which opened up the space making more toys and equipment accessible to all children. The Operator also moved the younger preschoolers to the small room across from the bathrooms which make it easier for children who are toilet training.

Children are enjoying all the snow and sliding on the hill the plow made while pushing the snow into a big hill.

Just a reminder to update my new phone number to 506-429-2028. Licensing staff also wishes to acknowledge the Operator commences the Micro-credentialling ECE program on January 26. This is great news. Good Luck!

Please post who is your assistant administrator when/if you plan to be off site while you are enrolled in training.
