<b>General Comments</b>
<p>When I arrived, the children were playing outside. They had paint and paper set up for the kids outside and the kids were painting.</p> <p>The playground was inspected and meets regulation. The children have access to a variety of materials outside including but not limited to, a mud kitchen, sand box, a small climbing structure and there is a large gazebo that provides additional shade.</p> <p>Staff were observed engaged with the children in play outside. Staff were observed using a respectful tone when speaking to children and using positive child guidance such as encouragements.</p> <p>Some changes were done to the inside play space since my last inspection. The space is clean and organized. Different materials are available to meet the children's interest and educational needs. There are loose parts and natural elements, books and other literary materials, materials for math and science and fine motor skills. There is evidence of the children's learning displayed in the centre such as the children's art and learning stories.</p>
