General Comments The inspector is on site to conduct the renewal inspection. During the inspection, the inspector observes outdoor free play, indoor free play, and the afternoon snack period. A discussion is held with the educator regarding the children's files. The inspector observed that the emergency contact information on file does not include complete addresses. The administrator must ensure that each child's emergency contact information includes the full address, including the street number, street name, city, and postal code. A discussion took place with an educator regarding the outdoor play area. The designated area for school-aged children is the Sussex Corner Elementary School Park. Since this park is not part of the facilities, it was not inspected during the renewal inspection. It is the operator's responsibility to ensure that the outdoor play area is safe for children. Any safety concerns must be communicated with the Sussex Corner Elementary School so that corrective measures can be taken. The inspector also observes positive child guidance practices throughout the inspection, such as speaking softly and respectfully to the children. The ratio is respected throughout the inspection.
