General Comments
<ul style="list-style-type: none"> - Visit done at the establishment in the morning for a monitoring inspection. - Ratio was respected during the visit. - During the visit the facility used positive child guidance. - Parents of the children present at the facility are granted entry at any time. - All nap equipment is washable and non-absorbent. Nap mats are 5 cm in thickness and are disinfected on both sides after each use. - Children are always supervised when using the washroom. One potty chair or training seat is provided. Steps are provided to allow children to reach regular-sized toilets or sinks. - Toxic products, chemical products and cleaning supplies are locked and inaccessible to children. - First aid kit and telephone are accessible on the premises. - Different types of documentation are being used at the centre, learning stories, ongoing projects, and portfolios. The documentation demonstrates the children's interest and progress through time. - Observations: 2-3-year-olds: Free play, handwashing, and snack. The educator read a story to the children. The educators were singing with the children during creative art. 3-5-year-olds: Free play, handwashing, snack, arrival of a child. The educators were discussing with the children during the visit. All groups of children practiced their songs for their graduation. - Discussion with the educator concerning the rest area and the nap mats.
