General Comments
<ul style="list-style-type: none"> - Visit completed at the facility in the morning for a monitoring inspection. - Ratio was maintained during the visit. - During the visit positive child guidance was witnessed. - During the visit 14 personnel files were verified. The files contained all required documentation. The administrator and educators have completed the introduction to ECE course. - The minimum space between rest equipment is at least 46 centimetres. All nap equipment is washable and non-absorbent. Nap mats are 5 cm in thickness and are stored so there is no contact with another nap mat or they disinfected on both sides after each use. - The parent has access to the facility at any time when the child is present. - Outdoor play occurs daily for one hour in each four-hour block of time. Rest periods do not exceed two consecutive hours. - Observation: 2-3-year-olds went on an excursion to the post office. The children did an activity of cutting out paper to work on their fine motor skills. This afternoon the children and educators will attempt to make their own paper. 3-5-year-olds: The educator read a story to the children. The children participated in a painting activity. The educators were discussing with the children throughout the activity. The children went outside to play. Learning stories are posted throughout the facility. - Discussion with the educators concerning PL hours.
