Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments
<p>Monitoring visit performed. Educators are following PH protocols and wearing masks. School age is also wearing masks, however gentle reminders are needed to keep it on their face. Preschool age are only required to wear masks in common areas at this time. This could change on March 14, so check your email for new directives.</p> <p>Administrative records were reviewed - attendance, fire drills, outdoor checklist and staff vaccination status was also verified and all in order. Awesome timing on your fire drill with 26 children present.</p> <p>Upon arrival, all 2 year old children had gone down for nap. Educators were comforting children while they dozed off to sleep. The older preschoolers were watching the Barnyard as part of March break activities. Educators have prepared a variety of planned programming for March Break - lots of games, Art, science activities. The school age children had made butter this AM and they were working on an art activity - making coasters during my visit. The educator provided clear directions that was easy for this age group to understand. As follow up to your email regarding the gym in the church; you can continue to use this space for active play opportunities, for playing games and for Taekwondo. However, please ensure the gym doesnot replace outdoor play in the AM and PM.</p> <p>I will follow up regarding your other question regarding adding a nursery program.</p>
