General Comments

A renewal inspection occurred today. Children were observed during outside walk, inside free play, lunch, nap/quiet time, afternoon snack and outside time in the afternoon. The children's current learning is evident and is displayed throughout each learning environment. Educators were observed having meaningful and respectful conversations with the children in their care. Proper handwashing and diaper changing routines were also observed occurring throughout the inspection. Discussed with Administrator the requirements for educators for PL for the year. Discussed with educators in the infant room sensory bottles for the children.
