Address 174 Milltown Boulevard St. Stephen NB E3L 1G8			
Name of Early Learning and Childcare Licensing Staff Britta Garnett		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

<p><b>General Comments</b></p> <p>Monitoring Inspection:</p> <p>Children and educators observed engaged in a variety of activities this morning/afternoon including stories, dramatic play, sensory opportunities and outdoor play. Educators observed down at children's level engaging in meaningful conversations and encouraging children to problem solve independently.</p> <p>Purposeful planning is evident through documentation, invitations and materials added to the environment that support the children's current interests (balls, building, books, cars, school busses, construction, and Christmas). The children in Preschool One have a current interest in babies, more dolls and accessories to be added.</p> <p>Educators have been focusing on adding age-appropriate loose parts to their environments for the children to explore.</p> <p>Discussed with staff that age-appropriate art materials are to be open and accessible to children. Currently, materials are stored at children's level in closed clear bins, opening the bins will encourage children to explore art materials more frequently. Educators can start by opening a small amount of art materials and gradually move to having all materials open for the day.</p> <p>Infants were observed to be fed their bottles while held by educators.          Infant Daily Information sheets and Attendance forms were observed to be completed.          Handwashing routines observed before meals/snacks, after diaper changing and after outdoor play.          Tuna melts, peppers and cucumbers were served for lunch.          Homemade oatmeal bars and apples were served for afternoon snack.          New staff file (1) review, all required documents in place.</p>
