General Comments
COVID postings are in the entryway to the center and it appears that the people in the center are following COVID guidelines well. This is my first monitoring visit to the afterschool licence in the facility since they had changed rooms in the building. The after school space is clean, bright and spacious and appears to be set up well. There are a variety of materials and activities for the children to do. All materials appear to be age-appropriate and are accessible to the children. There did not appear to be any issues during my visit.
