| <b>General Comments</b>   |
| Licensing staff arrived at the licensed facility, on October 3rd, 2022, to conduct a follow-up monitoring visit to check the tires located in the outdoor environment are free of standing water.   |
| Upon inspection, the tires were free of standing water. Licensing staff recommended drilling a hole in the tires to ensure that standing water does not gather inside the tires in the future. The Administrator relayed to licensing staff that the Operator will be drilling holes to allow the water to drain out of the tires and therefore maintain the health and safety of the children receiving services at the licensed facility. |
