General Comments
Regular monitoring inspection was performed on this date.
Children were enjoying the outdoor play space upon arrival of licensing staff. Some children were seated at the picnic bench having a snack and reading.
Children were observed building a nest with hay, twigs and wood in the sand area, while others climbed on tires. Mulch should be raked up under the climber and swings to ensure it continues to have enough depth.
Educators were observed utilizing positive behaviour strategies with the children throughout the inspection.
