General Comments

Monitoring Inspection:

QA Monitor was not able to complete thorough Monitoring Inspection this morning due to the ongoing outbreak of COVID-19 within the facility.

A quick check-in with each group was completed to meet the staff, answer questions and to document ratio. Children in the part-preschool program were observed engaged in a story with their educator.

Hand washing routines were observed upon arrival and when returning from outdoor play.

Extra staff have been put in place to help with cleaning and sanitizing.

All staff files were reviewed. Job descriptions to be updated to reflect the different roles within the ELC Centre (example: support, educator, etc).

Currently the school-age program is operating at the school building to help reduce contacts.
