General Comments
<p>The NB Curriculum is evident throughout the facility as observed by the learning stories, individual artwork and family photos on the walls. The children's binders also contain older learning stories and artwork that have been completed throughout the year.</p> <p>Materials are on open shelves and easily accessible to the children. This was observed when the children had come inside from outdoor play. The child got the paper and crayons from the shelf and sat at the table to draw. Proper hygiene protocol was observed during lunch. Children washed their hand before and after eating. Proper child/staff ratio was observed during nap time.</p> <p>The children seem happy in the environment and familiar with the daily routine of the facility.</p>
