<p>General Comments</p> <p>On the day of the visit enrollment numbers were low due to a gastro illness that has affected the facility. Due to the low numbers, there were extra staff on hand that were cleaning and working on programming. Children were observed jumping in the bouncy seat, having a dance party, playing with dolls and dinosaurs, digging in the indoor sandbox and building a road with pieces of paper. Had a conversation with the infants' educators on ways to keep documentation and family pictures on the walls. A display case was suggested along with photo boxes for family photos.</p> <p>I recommend the baseboard heater in the two-year-old room be repaired or replaced as it is being held together with tape.</p> <p>During the visit educators were observed sitting with the children on the floor playing and consoling a child after they hurt themselves.</p> <p>The facility seemed to be running smoothly on the day of the visit.</p>
