<b>General Comments</b>
Monitoring inspection completed during renewal inspection of other licenses.
Children and educators were preparing for outdoor play when QA Monitor arrived for inspection. Educators were engaging children in a game during the transition from indoors to outdoors.
The indoor environment was set up with invitations and accessible materials for the children. Recommend labelling bins for children to easily clean up and put toys away when finished with them. Labels with words and/or pictures also supports children's literacy learning.
Attendance and fire drill records were complete.
