Name of Early Learning and Childcare Licensing Staff Troy Williams		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

The children were getting ready for outdoor play time when I arrived. The educators raked the leaves into a pile so the children could run and jump in them. After they were done, the leaves were bagged up into Halloween themed bags and were set by the entrances to the building as part of their Halloween decorations.

Had a discussion with the administrator regarding the renovation for the after-school spaces. They are hoping to open by the end of November.

Also, spoke to the Administrator regarding adding more infant and preschool spaces. Advised the Administrator that at this time there are no designated spaces available at this time, and the parents should register with Child Care Connect NB to show that there is a need for additional spaces in the area.

The indoor materials are labelled and arranged on low open shelves are easily accessible to the children. Learning stories and children's artwork is posted throughout the rooms.

The facility appeared to be running smoothly during the visit. The children seemed comfortable in the environment and familiar with the daily routine.
