General Comments
<p>Licensing staff observed positive child guidance techniques being used by the educators, such as, redirection and using gentle reminders to deflect undesirable behaviours. Educators were seen interacting with children at their level by playing and talking to them.</p> <p>The filing system is organized and facility is using all required documentation for potential illness tracking, cleaning, first aid, fire drill records, and other requirements for licensing.</p> <p>A properly documented program is being used for each age group served. Educators are using charting, learning stories, pictures and folders to document children's work.</p> <p>The facility has many materials and learning centres set up to help support the children's learning.</p> <p>Licensing staff can recommend facility for licensing.</p>
