Comments: The staff member who had missing documentation in their staff records is no longer working at the facility, All new staff member records verified had the required documentation and certification. Deficiency is now compliant			

General Comments

The Quality Assurance Monitor is on-site for a monitoring inspection. During the inspection, the Quality Assurance Monitor was able to observe an educator praise a child for their potty-training efforts by saying "Good job" and talking about how they can share this exciting news to their parents later. The child was observed expressing their excitement and the educator was engaging the child in discussions about their accomplishments and successes in potty-training.

The ratio was respected during the inspection.
