General Comments

Children had finished morning snack and were getting ready for outdoor play time when I arrived. While outside the children played tug-of-war, horseshoes, threw balls around and drove the toy dump trucks through the water.

The materials in the preschool rooms were in low open-ended shelves that were labelled and easily accessible for the children, however the bins in the infant's room were pile on a high shelf. Materials should be on low, open-ended shelves so the children have easy access to the materials.

Learning stories and children's artwork were posted on the walls in each classroom.

The educators are in the process of setting up the outdoor play space for summer. The sandboxes have been filled with new sand. The operator is in the process of ordering a mud kitchen.

Staff and children files were reviewed. Files were organized and contained the required documents.
