General Comments

The Quality Assurance Monitor is on site to conduct a monitoring inspection this afternoon and during pick-up.

The following element were verified:

- Staff member records
- Qualifications and training
- Checks
- Administrative records maintained on-site
- Medication records
- Medications
- Health

The Quality Assurance Monitor had a discussion with the administrator regarding designation requirements. The administrator confirmed that the Quality Improvement Plan is current, and all eligible educators are actively completing their required 10 hours of professional learning per renewal year.

During the monitoring inspection, it was observed that children were outdoors transitioning indoors, one classroom was engaged in a craft activity, and families were arriving for pick-up.

The ratio is respected during the visit.
