Comments: Deficiency is now compliant. This was corrected during my visit - staff signed in their arrival time.			

<p>General Comments</p> <p>Monitoring report completed. This is my second visit to this facility since the operators opened in the summer. Upon entry children had arrived from school shortly after 12 and were eating lunch. Any children that finished early then moved to the other programming room and chose an activity until everyone finished lunch. All children had a bathroom break and then proceeded to get dressed and walk to Connaught Street School playground. All staff and children were dressed appropriately for the weather. All children wear an orange or purple vest, so they are easily identifiable by staff when away from the facility. Lots of staff on site which increases the quality of service offered.</p> <p>The operator is having new heat pumps installed today, so the 3rd room is off limits and safety precautions put in place and additional heating.</p> <p>This week is all about comfort foods. The afternoon planned activity children will learn how to make their very own bread in a bag. The Operator will send instructions home on how to bake it.</p> <p>Administrative records were reviewed - child attendance is being tracked and fire drills are being practiced monthly.</p> <p>Updated Inspectors name can be added to your parent board - Kelsey.colford@gnb.ca (453-5363) Kelsey Northrup</p>
