Comments: Deficiency is now compliant. Supervision off site was addressed with staff			

<p>General Comments</p> <p>Monitoring report performed. An incident occurred off site last week due to a lack of supervision. Licensing staff read a few incident reports that were signed off by parents. The Operator did advise that staff are required to document any or all Incidents no matter behavior or injury related and that parents are required to read and sign off so they have been made aware. Staff are also required to supervise, complete head counts and circulate around when off site to ensure children's health, safety and well-being is maintained. The Operator has written supervision policies for staff to follow when visiting the nearby park or school outdoor play areas but in this case the incident was not observed by staff.</p>
