General Comments

The play area and bathroom were cleaned. The children's items were no longer stored in the cat litter room. There is little to no smell of cat litter today.

The operator advised that moving forward, the children will eat and use the bathroom in the basement only. During my visit today, the children were playing with a bouncy castle with water, where water is gathering at the bottom. This would be considered a wading pool and is not permitted without a filtration system and lifeguard on site.

I recommend for the renewal of the licence.
