<p>General Comments</p> <p>Follow-up license renewal visit. Vaccination records for household pets have been updated. The plastic stool in the bathroom has been replaced. Outdoor checklist for stationary equipment is now being completed on a monthly basis. Children were engaged in free play activities when licensing staff arrived. I couple children were building with magnetic blocks, one child was painting seashells while the other two children were playing on plasma cars. Children cleaned up for snack time and followed proper procedures by washing their hands before eating snack. I recommended for licensing.</p>
