General Comments

Monitoring Inspection:

Children and educators observed engaged in a variety of activities this afternoon including open-ended art, fine motor activities, and dramatic play.

Purposeful planning is evident through documentation, invitations and materials added to the environment that support the children's current interests (art, risky play, trick shots, dolls, winter and Christmas). The PreK educators have invitations set-up for the children to explore when they arrive back from outdoor play. The After School Program is set-up with dolls and accessories, most of the children were observed engaging in this invitation with staff.

Each child was observed to be greeted and welcomed to the centre when they got off the bus by staff. Educators observed checking in with parents when their child did not arrive on the bus to ensure they were home safe.

Handwashing routines observed at arrival, before snack and after outdoor play.
New staff file (1) review, all required documents in place.
Attendance forms were observed to be completed.
