### General Comments

The facility is clean and has plenty of natural light shining through the windows.  
Children artwork was neatly displayed throughout the room.  
There are a variety of materials for the children to learn and explore with.  
Children and staff files were reviewed. All files contained the required documents.  
Children were observed in the outdoor play space, playing on the large play structure. The slide and "twirly" structure seemed to be the most popular area of play.  
Children came in for afternoon snack and had time for free play activities. This group of children seem to enjoy crafts and drawing.  
I recommend more open-ended play materials be added to the outdoor play space.
