<p>General Comments</p> <p>When I arrived, the children were not at the Centre yet and staff were cleaning and getting ready to receive the children.</p> <p>When the children arrived, staff asked them to wash their hands before playing. Then, they all sat together as a group, the new site manager introduced herself to the children and the educator spoke about the plans for the afternoon. The children then had a snack and played. A group of children were doing paper planes with one staff member, some were playing in the imaginary play area, and some were playing games in the quiet area. The children went outside around 3:40.</p> <p>Staff were engaged with the children, walking around the room, helping children when needed and were engaged in conversations with them.</p> <p>The Centre is clean and organized. There is a large quantity of learning materials that meet the interests of the children. All material, equipment and furnishings are in good repair. Open-ended play materials and equipment are available to the children in a variety of categories such as; art materials including loose parts; blocks and accessories; language and literacy; dramatic play; music and movement; large motor; manipulative and fine motor; puzzles, games and more. The indoor environment is also set up in a way that promotes independence by having all play material on low shelves so that the children can pick and choose what they wish to play with.</p> <p>Everything is in compliance; I recommend for renewal.</p>
