Documentation, photos, and open-ended art projects are displayed in a way that allows children to revisit their experiences. Educators have added materials to each environment that respond to the children's current interests (soccer, recycling to art area, riddles, and gardening). The environments are set up with invitations and a variety of materials that are interesting and engaging for school-age children.</p> <p>Next steps – How can you document the riddles in a way that children can revisit them?</p> <p>Yogurt and Cheerios were served for snack today.
