General Comments
<p>Staff and children files were reviewed. All contained the proper information.</p> <p>Educators are very attentive and patient with the children., as some of the children are very active and needed to be redirected at times.</p> <p>The children seem comfortable in the facility and are familiar with the daily routine.</p> <p>It was fire safety day at school, so the children arrived at the center with a package that contained pencils, crayons, ruler and a book of fire safety puzzles.</p> <p>The center also had their monthly fire drill during the inspection. The children were out in 1 minute 3 seconds.</p> <p>The fire extinguishers in the center need to be serviced and as the last service date was May and August 2022.</p>
