| 11 The qualifications and training requirements for administrators and educators are as follows: (a) an administrator and educators must hold a valid first aid certificate and a valid cardiopulmonary resuscitation certificate;   | 11(a)         | Nov 24, 2023         |                |
| Comments: Administrator and Educator files were verified and not all files contained a copy of a valid first aid certificate and a valid cardiopulmonary resuscitation (CPR) certificate. Of the 12 files verified, only 3 files contained proof and 2 Educators on site were able to provide proof on their cell phone of their certificate. Please provide proof of certification and place copies in all files. |               |                      |                |
| 24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (c) staff member records that include (vii) a copy of a valid first aid certificate and a valid cardiopulmonary resuscitation certificate for each administrator and educator.  | 24(1)(c)(vii) | Nov 24, 2023         |                |
| Comments: Administrator and Educator files were verified and proof of valid first aid certificates and valid cardiopulmonary resuscitation (CPR) certificates were not present in all files. Please provide proof of certification and add copies to files.  |               |                      |                |
| 28(3) The premises of a licensed facility shall comply with (a) lighting, ventilation and other general health standards under the Public Health Act.  | 28(3)(a)      | Nov 24, 2023         |                |
| Comments: The washroom on the left side of the main playroom has a broken toilet tank cover. Please replace the tank cover or entire toilet.   |               |                      |                |
| 39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (a) toxic products, chemical products and cleaning supplies;  | 39(2)(a)      | Nov 10, 2023         | Nov 10, 2023   |
| Comments: There were two buckets of household wall paint on the floor in the gym area. An Educator put them in the storage room during my inspection.<br><br>Deficiency is now compliant.  |               |                      |                |

### General Comments

Upon Licensing staff arrival, the children were having lunch in the main room. Once finished lunch, the room was cleaned up and the children went outside to play.

General Comments

The outdoor space was large with a wooden gazebo where children were observed colouring at a picnic table while other children were playing with soccer balls and nets, basket balls and nets, or in in small groups chatting as friends. Educators were observed to be spread out maintaining clear lines of sight and were engaged in conversations with the children.

Later in the afternoon, the children came indoors to play. Outdoor shoes were changed, and children split into two groups. One group moved into the main room to work on a Remembrance Day craft or at break away stations with wooden blocks, Lego or doodle drawing tablets, while the other group played in the gym with mini sticks and the exercise mats to create an obstacle course. Positive child guidance was observed throughout the inspection, and an Educator was heard saying "one, two, three, eyes on me" and "thumbs up if you can hear me" during transition time.

Monthly fire drills have been completed and logged as well as required cleaning and outdoor maintenance checks. As a reminder, please update your parent wall with your Inspector/Investigators name and contact information (Nancy Glendenning).
